

## GOVERNORS HAVE COMPLETED WORK

Formulate Plan for Putting the Next Conference on a Business Basis.

### PERMANENT HEADQUARTERS

Statement of Object to be Drawn Up and Presented to Each State Legislature.

Louisville, Ky., Dec. 1.—After starting a Louisville conference of governors on a business basis and to establish permanent headquarters, listening to a suffragist speech and discussions of various important subjects, the third annual conference of governors adjourned today.

The plan of organization, advanced by Gov. Sloan of Arizona, and adopted in executive session, is that the present committee on arrangements of which Gov. Fort of New Jersey is chairman, draft a statement of the object of the conference for presentation to each

**IN A SACK HE PUT HIS HEAD—WHEN HE TOOK IT OUT HE SAID—HUSLER'S FLOUR MAKES GOOD BREAD OF COURSE!**

legislature and that an appropriation be asked of each for maintenance. It was decided that subjects for discussion would be selected with most care, and that the paper on each, prepared by the several governors, be sent to all governors in advance of the conference, so that intelligent discussion could be had.

Future sessions will last a week. These plans were adopted to get away

**Healthy Mothers**

The hearing of children is frequently followed by poor health for the mother. This supreme crisis of life finding her physical system unprepared for the demands of nature, leaves her with weakened resistive powers and sometimes chronic ailments. This can be avoided if Mother's Friend is used before the coming of baby, and the healthy woman can remain a healthy mother, and bring about a natural and easy consummation of the term. Women who use Mother's Friend are always saved much suffering when the little one arrives, and recover more quickly, and with no ill effects, or chronic troubles. Every expectant mother should safeguard her health by using Mother's Friend, thus preparing her physical condition for the hour of motherhood. This medicine is for sale at drug stores. Write for free book for expectant mothers.

BRADFORD REGULATOR CO., Atlanta, Ga.

**Mother's Friend**

**Marriott's**

**For Breakfast Try "Sunkist" Oranges**

**Luscious Tree-Ripened Fruit**

It is not sufficient to know that oranges are the most healthful of all fruits. It is quite as important to know the kind of oranges that are most healthful and most palatable. The very finest California oranges are now packed under the label "Sunkist." Please serve "Sunkist" oranges at breakfast tomorrow and learn the superiority of tree-ripened, seedless, fiberless oranges over the commonplace kind. Don't fail to save the wrappers. There is so much "meat" and nourishment in "Sunkist" oranges and so little waste that, in addition to their extra fine flavor and goodness, they are really the most economical oranges to buy.

**"Sunkist" Lemons Juiciest**

Lemons contain as much as oranges. Pithy, thick-skinned lemons contain very little juice. You want more when you buy them. Please ask for "Sunkist" Lemons and note how uniformly sound each one is, and what a small percentage is skin and seed.

**Get This Valuable Orange Spoon**

Save 12 "Sunkist" orange (or lemon) wrappers and send them to us, with 12 cents to pay charges, packing, etc., and we will present you with a genuine Rogers Orange Spoon, of beautiful design and highest quality. Begin saving wrappers today. If you desire more than one, send 12 "Sunkist" wrappers and 12 cents for each additional spoon. In remitting, please send one-cent stamps when the amount is less than 24 cents; on amounts above 24 cents, we prefer money order, express order or bank draft. Don't send cash. We will be glad to send you complete list of valuable premiums. We honor both "Sunkist" and "Red Ball" wrappers for premiums.

California Fruit Growers' Exchange  
34 Clark Street Chicago, Ill.

from the haphazard manner in which the conferences have been conducted and with a view to making them more beneficial.

By request, Gov. Willson, of Kentucky and Gov. Shaffroth, of Colorado, Miss Laura Clay, president of the Kentucky Equal Rights association, addressed the conference. She appealed to the governors to recommend equal suffrage to their legislatures.

General discussion today was on the employers' liability and workmen's compensation act, direct primaries and automobile reciprocity. The first resulted in the adoption of a resolution that commissions of several states investigating this question, supply each governor with their findings. The second developed into an experience meeting when many governors explained the election and primary systems of their states.

Automobile reciprocity interested only the eastern governors, where the subject has recently received much attention.

No action was taken on any communications received by the conference, but all were referred to a committee.

Following a general discussion on the subject of employers' liability and workmen's compensation act, a resolution in this connection was introduced by Gov. Hadley of Missouri was adopted. It provides that commissioners who are investigating this matter in several states send a report of their findings to all governors.

The appalling death rate on railroads and in mines in America was compared with that in other countries, and a remedy was urged.

Gov. Deneen of Illinois repeated the subject of conservation by asking Gov. Norris of Montana and Gov. Shaffroth of Colorado if the western states would be willing to preserve the forests at headquarters so as to avert floods each year in other states. Gov. Norris replied that the experience of the western states was that the preservation of forests and reforestation did not relieve the flood situation.

"We all know that conservation is necessary," said Gov. Deneen, "but we appear to differ on methods. We must decide on the method of conservation, the ideas of the theorists, but must look at the question from all sides and then decide whether the state or the federal government shall have charge of our natural resources."

The next meeting will be in Springfield, Mo., Jan. 1.

Before leaving tonight, several governors said they had reaped great benefit at the session.

### RESCUE CAR STATIONS.

Washington, Dec. 1.—The bureau of mines rescue stations, and headquarters for the mine rescue cars with their official numbers were announced today. There are now in service six rescue stations and seven first-aid cars, as follows:

Stations—No. 1, Pittsburg, Pa.; No. 2, Urbana, Ill.; No. 3, Knoxville, Tenn.; No. 4, McAlester, Okla.; No. 5, Seattle, Wash.; No. 6, Birmingham, Ala.  
Cars—No. 1, Wilkesbarre, Pa.; No. 2, Trinidad, Colo.; No. 3, Evansville, Ind.; No. 4, Rock Springs, Wyo.; No. 5, Billings, Mont.; No. 6, Huntington, W. Va.; No. 7, Pittsburg, Pa.

C. H. MILLER GRAIN CO.  
Hay, Grain and Coal, 110 W. 1st St., Bell Phone 1252, Ind. 1404.

### NO COMPETITION FOR DREADNOUGHT CONTRACT

Washington, Dec. 1.—Absence of competition marked the opening of bids at the navy department today for the construction of one of the greatest Dreadnoughts of the United States navy, a first-class battleship of 27,000 tons, displacement, of two collars and of machinery for a second battleship, which will be built at a government navy yard.

The apathy of the shipbuilding interests is attributed by the department to the action of Congress at its last session in stipulating that the work must be done under the eight-hour law.

The great battleship, which will be more powerful than any other thing afloat under the American flag, probably will be built by the Newport News Shipbuilding & Drydock company of Newport News, Va. That company was the only bidder for the contract, presenting four proposals, differing because of the machinery to be installed. These run from \$5,750,000 to \$5,850,000. The maximum amount authorized by Congress for this battleship was \$6,000,000.

### BATTLE FOR LIFE WITH INSANE PATIENT

Punxsutawney, Pa., Dec. 1.—On his back in a corridor of the Punxsutawney hospital early today Dr. C. Montgomery, a resident physician, battled for his life with an insane patient, Michael Markutz, who died two hours afterward from what hospital authorities say was Bright's disease.

Dr. Montgomery was summoned to the ward by cries of a nurse, who said she had been attacked by the man who had given him medicine. The doctor tried to quiet him, but was himself attacked. An orderly hurried to his assistance, but was knocked down. Markutz was choking Dr. Montgomery to death with his hands. The doctor, for 15 minutes the struggle continued before Markutz was strangled in his bed. His death quickly followed.

### FREE SOUVENIR BANKS.

We will give to any boy or girl 10 years or upwards, appearing in person, on or before December 10, a beautiful pocket souvenir bank. Free of Charge. SALT LAKE SECURITY & TRUST COMPANY, 22 Main St.

### DIRECTORY OF LIVING HARVARD ALUMNI

Cambridge, Mass., Dec. 2.—The directory containing Harvard alumni list issued, containing 32,192 names. Massachusetts has the largest representation, with more than 12,000. New York comes next with 7,000. Pennsylvania, third and Illinois fourth. Canada leads among the foreign countries with 411, with England second with 146. Japan has 26 and China 32.

Boston leads the cities, harboring 5,301, with New York next, with 3,355. Other cities with large Harvard contingents are: Chicago, 712; St. Louis and San Francisco each 276; Cleveland, 261; Cincinnati, 234; Pittsburgh, 136. There are 5,200 Harvard graduates engaged in the practice of law, being 16.5 per cent of the entire directory. Of these, 1,500 are in the United States, 4,337 in foreign countries. The ministry slightly more than 1,000.

## The Secret of Good Pastry

**Hunt's Perfect Baking Powder** and Flavoring Extracts.

**BUILDING WHERE PHILOSOPHERS MAY MEDITATE**

New York, Dec. 2.—The most unusual building specification ever filed in New York has just been received in one of the outlying offices of the building department. The plan is to erect in Emerson Hill, a village named after Ralph Waldo Emerson, a log cabin as a "philosophers' hall," to which will be invited all the "philosophers" of the world, to go for meditation. C. G. Koff, the designer, has already sent out invitations to many prominent men to come and do their meditating.

### GIRL ORDERED REPORTED.

New York, Dec. 2.—Marie Hopli, a Greek girl, whose cousin, Antonia Johara, rescued her from the harem of a Turkish pasha in Damascus and brought her to this country, has been ordered deported by the immigration inspectors on Ellis Island.

The girl's sister, who is a well-to-do Brooklynite, hurried to Ellis Island on learning the decision and tearfully besought the inspectors to reconsider their decision.

"I am sending my sister back to certain death," she exclaimed. "The case will be appealed to Washington."

### CHARLES W. CLINTON DEAD.

New York, Dec. 2.—Charles William Clinton, a distinguished architect, died at his home here after a long illness. He was 72 years old. He was the oldest member of the American institute of architects.

He planned more than a hundred New York skyscrapers. The Hudson terminal buildings, which have the largest floor area of any office buildings in the world, were one of his most recent commissions. He was the architect of the Hotel Astor, the Seventh regiment and Seventy-first regiment armories in this city and numerous banking buildings.

### KILLED BY ROPE SKIPPING.

New York, Dec. 2.—Emily Reich, a 15-year-old school girl, is dead here, a victim, physicians believe, of excessive rope-skipping. She was suddenly stricken at her desk in public school, and died in her classroom. The child staggered to a cloak room where

she was found unconscious. Physicians worked over her for an hour but were unable to restore her to consciousness. Though heart failure was apparently the cause of her death, an autopsy will be held.

### COUNTY DETECTIVE ASPHYXIATED WHILE ASLEEP

Pittsburg, Dec. 2.—County Detective J. J. Finney, aged 67 years, was asphyxiated while taking a nap in a north side hospital yesterday afternoon. Fumes from a leaky gas stove overcame him while he slept and he died soon after being found unconscious.

As a detective, he had been connected with many well-remembered criminal cases in this country.

### MOSES WEBB DEAD.

Was One of Contrabands Who Led Horses to Lincoln's Funeral.

Chicago, Dec. 2.—Moses Webb, a negro, who is said to have been the last survivor of the eight "contrabands" who led the horses attached to the hearse at the funeral of Abraham Lincoln in Springfield in 1865, died in Aurora yesterday. He was 85 years old. Webb was born a slave in 1825.

### FEATHER BOAS CLASSIFIED.

New York, Dec. 2.—A curious decision by the board of United States appraisers here ruled that feather boas are henceforth to be classified under the tariff laws as "manufactures of metal." They have heretofore been assessed a duty of 50 per cent under the provision for "artificial feathers and down of all kinds." This classification was opposed by the importers, who made the claim that the rate of assessment should be 40 per cent on the ground that while feathers enter largely into the manufacture of the boas the value of the feather is practically nil and the chief value of the product is in the metal wiring, etc., used in their manufacture.

The board of appraisers sustains the contention of the importers.

### DROPPED DEAD AT DANCE.

Worcester, Mass., Dec. 2.—Just as he was about to ask a young woman to dance with him, George L. Johnson, 21 years old, dropped dead before her at a ball at a dancing school here last night. Physicians said that death was due to a heart weakness, aggravated by too much dancing.

To prevent any disorder in the hall the proprietor of the school ordered the orchestra to play a waltz, and while the young man's body was being taken outside, the dancers tripped about the floor to a rollicking tune.
